

# M620V SCOUT LIGHT®

WHITE-LIGHT/IR LED WEAPONLIGHT w/ SWING-LEVER™ MOUNT

.....

**Model Number:** M620V-A-BK  
M620V-A-TN

**UPC Number:** 084871321167 (BK)  
084871321174 (TN)

**MSRP:** \$589.00

.....

The M620V Scout Light is a lightweight, compact WeaponLight featuring a high-output white-light and infrared LED in one sealed unit. In white-light mode, its recoil-proof LED generates a versatile, 150-lumen tactical beam capable of temporarily blinding and disorienting an aggressor. In infrared mode, the 120-milliwatt LED produces a beam that's invisible to the naked eye, for use on stealth operations involving night vision devices—no filter required. Switching between the two modes is achieved via a no-look, self-locking selector ring, even on the fly. The ergonomic M620V attaches quickly and

securely to any MIL-STD 1913 rail—even out-of-spec rails—via its integral self-adjusting Swing-Lever™ clamp. The light is activated by clicking its pushbutton tailcap switch or, for fingertip control without altering your grip on the weapon, by pressing its pressure-activated tape switch (both included). Constructed of lightweight aerospace aluminum, hard anodized with a Mil-Spec finish, and O-ring sealed to keep out the elements, the tough M620V will endure combat-like conditions without any sacrifice in weapon maneuverability.

## FEATURES & BENEFITS

- Virtually indestructible white-light/IR LEDs are enclosed in one sealed unit and regulated to maximize light output and runtime
- On-the-fly switching between white-light and IR mode—no IR filter required
- TIR lens shapes versatile beam with enough reach and surround light for longer- and close-range tasks
- Hard-anodized aluminum body, tempered window & O-ring seals make light rugged and durable
- Ergonomic tailcap and pressure-pad tape switching included
- Swing-Lever™ mount attaches quickly & securely to any MIL-STD-1913 rail
- Powered by two 123A lithium batteries with 10-year shelf life
- Backed by SureFire's No-Hassle Promise

## SPECIFICATIONS

<b>LED Color</b>	<input type="checkbox"/>	<b>WHITE-LIGHT MAX OUTPUT:</b>	150 lumens
<input checked="" type="checkbox"/>	<b>IR</b>	<b>WHITE-LIGHT RUNTIME*:</b>	1.8 hours
<b>Body Color</b>	<input type="checkbox"/>	<b>IR MAX OUTPUT:</b>	120 mW
<input checked="" type="checkbox"/>	<b>Black</b>	<b>IR RUNTIME:</b>	8 hours
<input type="checkbox"/>	<b>Green</b>	<b>BEZEL DIAMETER:</b>	1.06 inches (2.7 cm)
		<b>LENGTH:</b>	5.4 inches (13.7 cm)
		<b>WEIGHT:</b>	5.5 oz (156 g) with tailcap click switch 6.2 oz (176 g) with pressure-pad tape switch
		<b>SWITCHING:</b>	Tailcap click switch; pressure-pad tape switch
		<b>MATERIAL:</b>	Aerospace aluminum, tempered window
		<b>FINISH:</b>	Mil-Spec Type III anodizing
		<b>COLOR:</b>	Black, Tan
		<b>BATTERY:</b>	Two lithium 123A (included)

\*ANSI standard. Runtime until output drops below 10% of maximum output at this setting.
